1995 P&H USER MEETING SET FOR SEPTEMBER 6-8

The 1995 annual P&H Portal Crane Users Meeting is now set for September 6-8 and once again, early registrations are already coming in. You are strongly encouraged to attend this valuable meeting where you will have the opportunity to discuss and solve many problems that limit your up time and cost your company significant dollars. Just one problem solved or idea to improve uptime or safety will make your time investment worthwhile. This year we will focus on lubrication technology.

Attendance lists from previous meetings are available upon request to further illustrate the value of these meetings. Last fall we had 17 log crane installations represented at the meeting, with over 60 in attendance, and we expect many more for 1995.

See you there!
