One Call to Morris Material Handling - The Solution for InSinkErator

"I'm in charge of all of the MRO purchasing for my facility. Because of my many responsibilities, I'm often being pulled in several different directions and don't have the time to call the multiple manufacturers of the cranes we have when I need repair parts. That's why I like working with Morris Material Handling, with one call, I am able to order both P&H and non-P&H parts. One call, one bill, one shipment - it makes my life easier."

- John Nelson, Senior Buyer, InSinkErator
